APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source
and the use of water hereunder is restricted to such times during the
non-irrigation season, extending from October 1st of each year to June
1st of the following year, as the same can be beneficially applied on
the land proposed to be irrigated. A standard headgate and weir must
be installed at or near the point of diversion to facilitate the
measurement and control of water. The State reserves the right to
regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Two (2.0) cubic feet per second.

Actual construction work shall begin on or before May 24, 1917.

Proof of commencement of work shall be filed before June 24, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before May 24, 1919.

Application of water to beneficial use shall be made on or before May 24, 1922. Proof of the application of water to beneficial use must be filed with State Engineer on or before June 24, 1922.
